

## DENTAL MEDICATION FORMULARY

Effective 1 January 2021

- This formulary represents drugs covered for dental therapy following receipt of a prescription from an appropriate registered dental prescriber.
- The examples below serve as a guide on the trade names available for the active ingredients listed and not for marketing a specific brand.
- Unless stipulated, all active ingredients listed in this formulary are subject to the Fund's tariff rate in line with the Fund rules.

**IMPORTANT: Please note that medication on this list is published on an annual basis. Medication and prices are subject to change based on new clinical information and/or pricing updates which may not be reflected on the list below.**

| Abbreviations of dosage form |                       |            |           |            |                           |
|------------------------------|-----------------------|------------|-----------|------------|---------------------------|
