3.1. Major Medical Expenses

Notwithstanding any provisions to the contrary, as contained in the schedule below, all benefits in respect of hospitalisation and other major medical services will be unlimited at 100% of the Agreed Tariff, subject to pre-authorisation via the Managed Health Care Organisation protocols.

In respect of any hospitalisation for which pre-authorisation has not been obtained, or pre-authorisation has been obtained later than as stipulated above Members will be subject to the difference between WHFT and actual costs charged for all other associated costs.
