I understand that:

- Funding for this benefit is subject to meeting benefit entry criteria requirements, as determined by the Fund.
- The benefit provides cover for therapy scientifically proven for my condition, which means that not all medication for the medical condition will automatically be covered.
- By registering for the benefit, I agree that my condition may be subject to disease management interventions and periodic review, and that this may include access to my medical records.
- Funding will only be effective once the Fund receives an application form that is completed in full.
- Payment to the healthcare professional for the completion of this form, on submission of a claim, will be subject to the Fund rules and where the beneficiary is a valid and active member at the service date of the claim.

Patient consent (continued)

- I agree to my information being used to develop registries. This means that you give permission for us to collect and record information about your condition and treatment. This data will be analysed, evaluated and used to measure clinical outcomes and to make informed funding decisions.
- To ensure that we pay your claims from the correct benefit, any claims from your healthcare providers must include the relevant ICD-10 diagnosis code(s).
